

### **Curriculum Statement of Intent-**

At Gloucester Academy, the Art department is committed to ensuring that all students are exposed to a broad and ambitious curriculum that guides them on their journey to the world's best colleges, sixth forms, universities and professions. It is vital that our students are equipped with the knowledge to understand how art and design both reflect and shape our history, and contribute to the culture, creativity and wealth of our nation.

Our high-quality art and design education will engage, inspire and challenge students, equipping them with the knowledge and skills to experiment, invent and create their own works of art, craft and design. At Gloucester Academy, our Art curriculum will enable students to contribute to the UK's thriving creative sector, communicate stories of our past, inform society about current affairs, and give them confidence to address social injustice through creative outlets.
